DIVISION OF  
OIL, GAS & MINING

3809  
UT-044  
UTU-71725

Dear Mrs. Jones:

This letter acknowledges receipt of the Notice to conduct exploration operations on the KDT-J unpatented mining claims in Beaver County, Utah. The Notice has been reviewed for compliance with regulations found in 43 CFR 3809.1-3 and possible conflicts with cultural resources, threatened or endangered plants and animals, and land status. No conflicts with these resources were found and the Notice appears to be in compliance with federal regulations. The Notice has been accepted under file number UTU-71725. Please use this number in all future correspondence with this office.

A copy of the information provided in your Notice has been forwarded to the Utah Division of Oil, Gas, and Mining (DOGM). Therefore, you will not be required to provide this information to them.

The operations described in your Notice are the only actions considered accepted by the Bureau of Land Management. Any changes in the amount or type of ground disturbance must be submitted to this office as an amendment 15 days prior to initiation. Operations will be inspected twice a year or every 6 months to insure compliance with the Notice and Federal and State regulations.

Surface Management Regulations (43 CFR 3809) require reclamation of all disturbed public land and that reasonable measures be taken to prevent unnecessary or undue degradation of the land. Included with this letter is a set of Reclamation Standards and Standard Operating Procedures to be used during operations and reclamation. Final reclamation must be approved by the BLM before the file will be closed. Any deviation from these standards can necessitate a Notice of Noncompliance and bonding requirements for future work.

If your operations extend for more than a year, please advise us of the status of your mining activities on the anniversary of your Notice. A new Notice or amendment will need to be submitted at that time. Acceptance of this Notice will not now, or in the future serve as a determination of the validity of any mining claim to which it may relate.

Thank you for submitting your Notice as it shows your willingness to prevent unnecessary disturbance of our public lands. If you have questions regarding your Notice please contact Gina Pack at this office.

Sincerely,

  
Arthur L. Tait  
Area Manager

Standard Operating Procedures/  
Reclamation Standards

cc: Wayne Hedberg, DOGM - with copy of Notice

INFORMATION REQUIRED FOR  
A MINING OR EXPLORATION NOTICE

This form is designed to assist the claimant or operator in submitting the information required for a Mining or Exploration Notice. This form does not need to be used for submittal of a Notice, but all information required in 43 CFR 3809.1-3(c) must be included in any Notice submitted.

Claimant Information

Name: (1) Kathleen Jones (2) \_\_\_\_\_  
 Address: PO Box 832 \_\_\_\_\_  
Milford, Utah 84751 \_\_\_\_\_  
 Telephone: 801-387-2243 \_\_\_\_\_

Operator Information (If different than claimant)

Name: Bill Denney  
 Address: \_\_\_\_\_  
Milford, Utah 84751  
 Telephone: 801-387-5018

Mining Claims Where Disturbance Will Occur

<u>Claim Name</u>	<u>UMC Serial #</u>	<u>Claim Type (Lode, Millsite)</u>
KDT J #1	353275	Lode
KDT J #2	353276	Lode
KDT J #3	353277	Lode
KDT J #4	353278	Lode
KDT J #5	353279	Lode
KDT J #6	353280	Lode
KDT-J #7	353281	Lode

Activity/Mineral Type: Mining \_\_\_\_\_ Exploration XX

Location of Proposed Activity

Township <u>27</u>	South, Range <u>9</u>	West, Section <u>10</u>	<u>1/4</u>	<u>1/4</u>
Township _____	South, Range _____	West, Section _____	<u>1/4</u>	<u>1/4</u>
Township _____	South, Range _____	West, Section _____	<u>1/4</u>	<u>1/4</u>
Township _____	South, Range _____	West, Section _____	<u>1/4</u>	<u>1/4</u>

Please attach an accurate map of the area. Maps should be scaled to clearly show areas of proposed surface disturbance.

## Proposed Operations

Estimated Dates of Operation: August 1993

Describe the type of operations and how they will be conducted, including the location and size of areas where surface disturbance, structures, facilities, etc., are proposed. Calculate the total acreage of proposed disturbance (One acre = 43,560 sq. ft.):

Improvement on existing disturbance 1 acre

*Using a cut on Backhoe to expose mudstone -*

## Access Routes

Describe any proposed improvement of existing roads:  
Perpetual maintenance

Describe new roads proposed (include location, length, width, estimated maximum cutbank height, and type of equipment used):

none

## Existing Disturbance

Describe any existing surface disturbance, structures, facilities, etc.. A map or sketch showing existing surface disturbance, structures, facilities, etc. is recommended.

All seven claims have several exiting disturbances

Proposed Reclamation

Describe proposed reclamation procedures or other measures to be taken to prevent unnecessary or undue degradation of public lands:

None proposed

Areas will be reshaped and revegetated as necessary

Reclamation of all areas disturbed will be completed to the standards described in 43 CFR 3809.1-3(d) and reasonable measures will be taken to prevent unnecessary or undue degradation of Federal lands during operations.
